Title: HAIR AND SCALP TREATMENT METHOD AND RECIPES FOR APPLICATION OF THIS METHOD

Abstract: New method and recipes for treatment of hair and scalp using natural ingredients is suggested. The method comprises applying to scalp a treatment lotion, based on a protein component, a medical component and a fatty component. The protein component is based on natural milk, the medical component is mainly herbal and the fatty component is based on vegetable fats. The new method allows relieving headaches, sensitivity to scalp pains, sense of dryness, to impart pleasant feeling to the scalp, to improve hair flexibility, to remove dandruff etc. The method is suitable for treating seborrhea and other hair problems.
INTERNATIONAL SEARCH REPORT

A. CLASSIFICATION OF SUBJECT MATTER
IPC(7) : A61K 7/06, 7/09; A01N 25/00
US Cl. : 424/70.1 70.2; 514/775, 852; 132/203
According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED
Minimum documentation searched (classification system followed by classification symbols)
U.S. : 424/70.1 70.2; 514/775, 852; 132/203

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched
NONE

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)
NONE

☐ Further documents are listed in the continuation of Box C.  ☐ See patent family annex

* Special categories of cited documents
  **A** document defining the general state of the art which is not considered to be of particular relevance
  **E** earlier document published on or after the international filing date
  **L** document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
  **O** document referring to an oral disclosure, use, exhibition or other means
  **P** document published prior to the international filing date but later than the priority date claimed
  **T** later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
  **X** document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
  **Y** document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art
  **&** document member of the same patent family
