Title: SYSTEM AND METHOD FOR PROVIDING CONFERENCE SERVERS WITH LAWFUL INTERCEPT CAPABILITIES

Abstract: System and method of providing collecting conference-related data for reporting to a Law Enforcement Agency (LEA) are described. In one embodiment, the method comprises, responsive to request from a subject to create a conference under control of a third party conferencing server, collecting conference-related data comprising at least one of conference server event information and conference instance event information; and transmitting the collected conference-related data to the LEA.

INTERNATIONAL SEARCH REPORT

International application No
PCT/US 06/27604

A CLASSIFICATION OF SUBJECT MATTER
IPC(8)- G06F 15/16 (2007.01)
USPC 709/204

According to International Patent Classification (IPC) or to both national classification and IPC

B FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)
IPC(8) G06F 15/16 (2007.01)
USPC 709/204

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched
USPC 709/203, 204, 227, 238, 370/259, 260, 261, 270, 379/201 01, 202 01, 211 01, 213 01

Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)
Electronic data base USPTO WEST (PGPB, USPT, EPAB, JPAB), DIALOG PRO, GOOGLE
Search Terms Used conference, event, conference server, information, size, law enforcement, collect, intercept access point etc

Further documents are listed in the continuation of Box C

* Special categories of cited documents
  "A" Document defining the general state of the art which is not considered to be of particular relevance
  "E" Earlier application or patent but published on or after the international filing date
  "I" Document which may throw doubt on the novelty claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
  "O" Document referring to an oral disclosure, use, exhibition or other means
  "P" Document published prior to the international filing date but later than the priority date claimed

"T" later document published after the international filing date or of the invention and not in conflict with the application but cited to understand the in scope of the invention

"X" Document of particular relevance, the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

"Y" Document of particular relevance, the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art

"&" Document member of the same patent family
